 Subject: RE: Las Vegas Fire Department Information

Hi Bertral,
 Thanks so much for getting back to me so quickly. I'm looking for updated information for an Environmental Impact Statement project for the Department of Energy. We typically provide information on fire, rescue and police services in the area of our project.

Specifically I am looking for:

1. The number of fire stations
2. The number of firefighters, fire chiefs, deputy chiefs, assistant fire chiefs, battalion chiefs, captains, paramedics, engineers, and training staff.
3. The level of service for the department
4. The number and type of vehicles

Feel free to contact me at the number below with any questions or concerns.

Thanks,

Robin W. Griffin | Project Manager
